

A black wrought-iron gate stands in front of a white building. The gate features a decorative top section with three crosses: a small one on the left, a large one in the center, and another small one on the right. A sign is mounted on the gate, displaying the text 'SKJØNNE KIRKE' and 'BYGD 1880'. The gate is set on a paved path, and a grassy area is visible to the right.
